

National centre for family and whānau violence research and information

Pānui | Newsletter - Issue 93 - April/May 2020 Special COVID-19 edition

Kia ora!

Welcome to our new look Pānui.

This month we focus on the work that is being done in Aotearoa New Zealand and around the world as we respond to family violence during COVID-19.

Below we highlight the COVID-19 section of our website, which brings together information on family, whānau and sexual violence and COVID-19 in one place, including a new **Te Whare Māori portal**. The New Zealand Family Violence Clearinghouse (NZFVC) is very pleased to have partnered with **Ngā Wai a Te Tūi Māori and Indigenous Research Centre** to develop this.

We have also listed News and Events. The Events are primarily upcoming webinars and online courses you can participate in from wherever you are. The speed with which many organisations have stepped up to provide online events and learning opportunities is impressive. We also list a few in person conferences which may be able to go ahead in the future.

NZFVC team

COVID-19

information

- Te Whare Māori
- For everyone

What's on the COVID-19 pages

Te Whare Māori

Information and resources for whānau, communities and kaupapa Māori services:

[Pou Kōrero | Information](#)

[Pou Āwhina | Support](#)

[Pou Manaaki | Caring for one another](#)
