

National centre for family and whānau violence research and information

Pānui | Newsletter - Issue 107 - December 2021

Kia ora!

Nau mai, haere mai and welcome to our final pānui for 2021.

As a very challenging year draws to a close it is wonderful to be able to end 2021 with news about positive developments for the family violence and sexual violence sectors.

This month we saw the launch of the first national strategy to include both family violence and sexual violence in Aotearoa New Zealand. Te Aorerekura is the National Strategy and Action Plan that sets out a new collective path for government, tangata whenua, specialist sectors, and communities to eliminate family violence and sexual violence in Aotearoa New Zealand.

The moemoeā, or vision, for Te Aorerekura is that:

"All people in Aotearoa New Zealand are thriving, their wellbeing is enhanced and sustained because they are safe and supported to live their lives free from family violence and sexual violence."

There have also been exciting new changes at the NZFVC with the appointment of two new Academic Co-Directors, Dr Terry Dobbs and Professor Nicola Gavey, and new Advisory Group members. You can find out more about our new team members below. We are looking forward to continuing to work in partnership with you all in 2022.

We wish you all a safe, happy and healthy break.

Te Aorerekura strategy and action plan launched, changes to Joint Venture

The government has launched Te Aorerekura, the new National Strategy to Eliminate Family Violence and Sexual Violence, and an Action Plan for the strategy. Changes to the Joint Venture and a new Tangata Whenua Advisory Group have also been announced.
